THERE IS NO PREPACKAGED KIT FOR THIS COURSE!

*Many students have leftover supplies from past courses that may be used in compiling the supply kit for this year. You can purchase whichever new materials you need online or at a local art supply store like Blick, AC Moore, Michaels, or Hobby Lobby *Please contact the teacher asap if financial constraints apply**

This year, due to safety protocols, the kits will remain at home until further notice. Students will bring only the necessary supplies for the current project to and from school each day.
